

MATTHEW MCCLUSTER

IT Support & Field Technician · Infrastructure Engineer

matthew@mccluster.org · Connecticut, United States · matthew.mccluster.org

Matthew McCluster is a Connecticut-based IT support technician and infrastructure engineer with five years in enterprise IT: hands-on desktop, laptop and business-application support at **Robert Half**, and data-center, Cisco networking and Windows and Linux server work at **IPC Systems**. He works on site and independently, communicates clearly with non-technical users, and documents what he does. Since 2025 he has also designed and run the platform behind McCluster Corp, from the database and APIs to deployment.

WHAT I BRING TO L1/L2 FIELD SUPPORT

End-user support: Hardware, software, desktop, laptop and business-application issues; login, access, device and connectivity problems

Deployments: Technology rollouts, system setup, workstation builds and user training

Hardware: Dell, Oracle and Sun server installs, PERC RAID, rack buildout, PDUs and environmental monitoring

Systems: Windows Server, RedHat, CentOS

Networking: Cisco Nexus 9000/4500, DHCP scope configuration, CAT6 and multi/single-mode fiber, connectivity troubleshooting

Equipment moves & decommissioning: Data-center transformation of a 5,000 sq ft facility; DoD-standard data destruction (dBAN) and ISO-standard e-waste handling

Working style: On site, independent, clear with non-technical users, documents the work, trains new team members

IT EXPERIENCE

2021 TO 2023

Infrastructure Engineer

IPC Systems · Fairfield, Connecticut

- Troubleshot access, connectivity, platform and system issues for business, technical and operations teams.
- Data-center transformation of a 5,000 sq ft facility: rack buildout (Ortronics 45U, APC NetShelter 42U), CAT6 and multi/single-mode fiber, PDUs and environmental monitoring.
- Dell, Oracle and Sun server installs across Windows Server, RedHat and CentOS, with PERC RAID configuration.
- Cisco Nexus 9000/4500 networking and DHCP scope configuration.
- Supported IPC trading turrets (Touch, Pulse, IQMax, Edge) under trading-floor uptime pressure.
- DoD-standard data destruction (dBAN) and ISO-standard e-waste handling; instructed new team members.

2018 TO 2021

Desktop / IT Support Technician

Robert Half · Norwalk, Connecticut

- Customer-facing support for hardware, software, desktop, laptop and business-application issues.
- Resolved login, platform-access, device and connectivity problems; communicated clearly with non-technical users.
- Supported technology rollouts, system setup, workstation builds and user training.

OTHER EXPERIENCE

2025 TO PRESENT

Founder / Digital Program Operator

McCluster Corp · Equity Uprise · Connecticut & Georgia

- Designed and operates the organization's platform end to end: Postgres schema and row-level security, serverless API functions, payments, and an automated release gate that blocks a bad deploy.
- Built and maintains the public web properties and the data behind them.

2021 TO 2026

Digital Marketing & Outreach Platform Manager

F.R.E.E.D.O.M. Inc. · Bridgeport, Connecticut

- Supported staff with platform access, posting, technical issues and digital workflow needs.
- Coordinated live streaming, recording and media production for weekly public programming.
- Moved traditional outreach and communication processes onto modern digital systems.

2024 TO SEPTEMBER 2026

Owner-Operator

Whip Equipped LLC · Acworth, Georgia

- Founded and organized a parts-licensed automotive dealership; runs sourcing, sales, licensing and compliance.

CREDENTIALS

CompTIA ITF+ Certification: December 1, 2022.

IT Bootcamp Certificate: CT State Community College (Housatonic), September 20, 2023.

RECOGNITION

Georgia Governor's Proclamation and **City of Bridgeport Proclamation** (2025) for the Equity Uprise civic fellowship he founded.
